

# **1997 Spring Simulation Interoperability Workshop**

sponsored by the

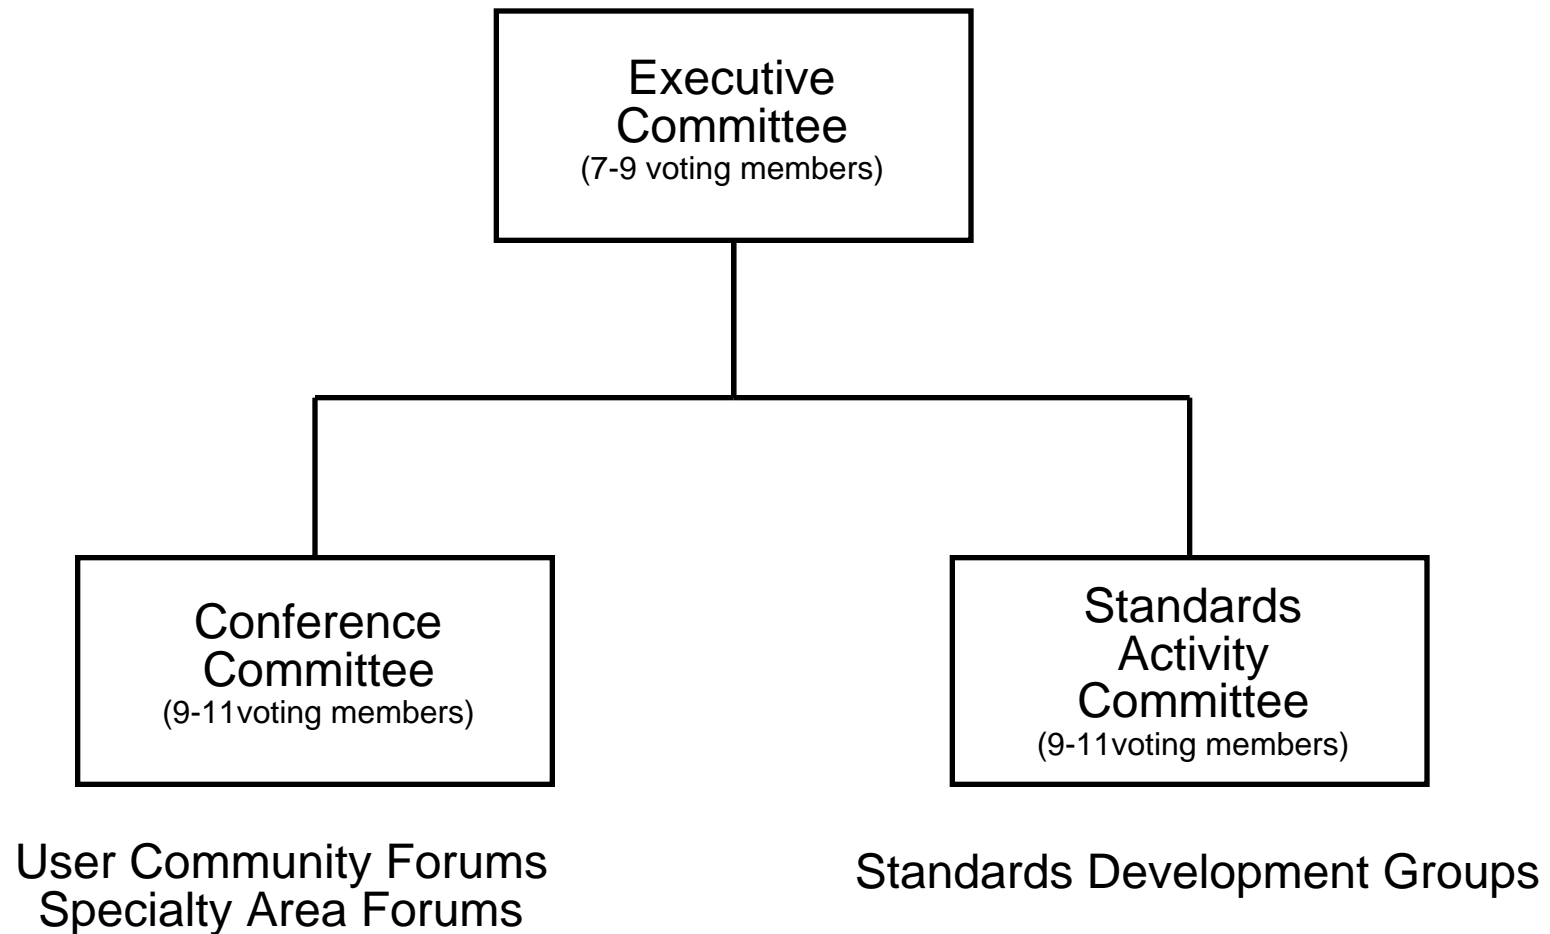

**Simulation Interoperability  
Standards Organization**

**March 3-7, 1997**

# Overview

- Organizational structure of SISO
- Workshop schedule for 1997 Spring SIW
- Reflector structure to support SIW
- Relationship of SIW to standards development

# SISO Organization

# Operating Goals

- Seek broad involvement from all elements of the M&S community (including non-DoD applications)
- Build on the High Level Architecture and the Federation Development Process Model and Interface Specification
- Provide a forum for the exchange of new ideas and improved methods across M&S domains
- Generate support for simulation interoperability and reuse through education, communication, and development of consensus
- Support the development of useful standards, practices, and guides for various elements of the M&S community

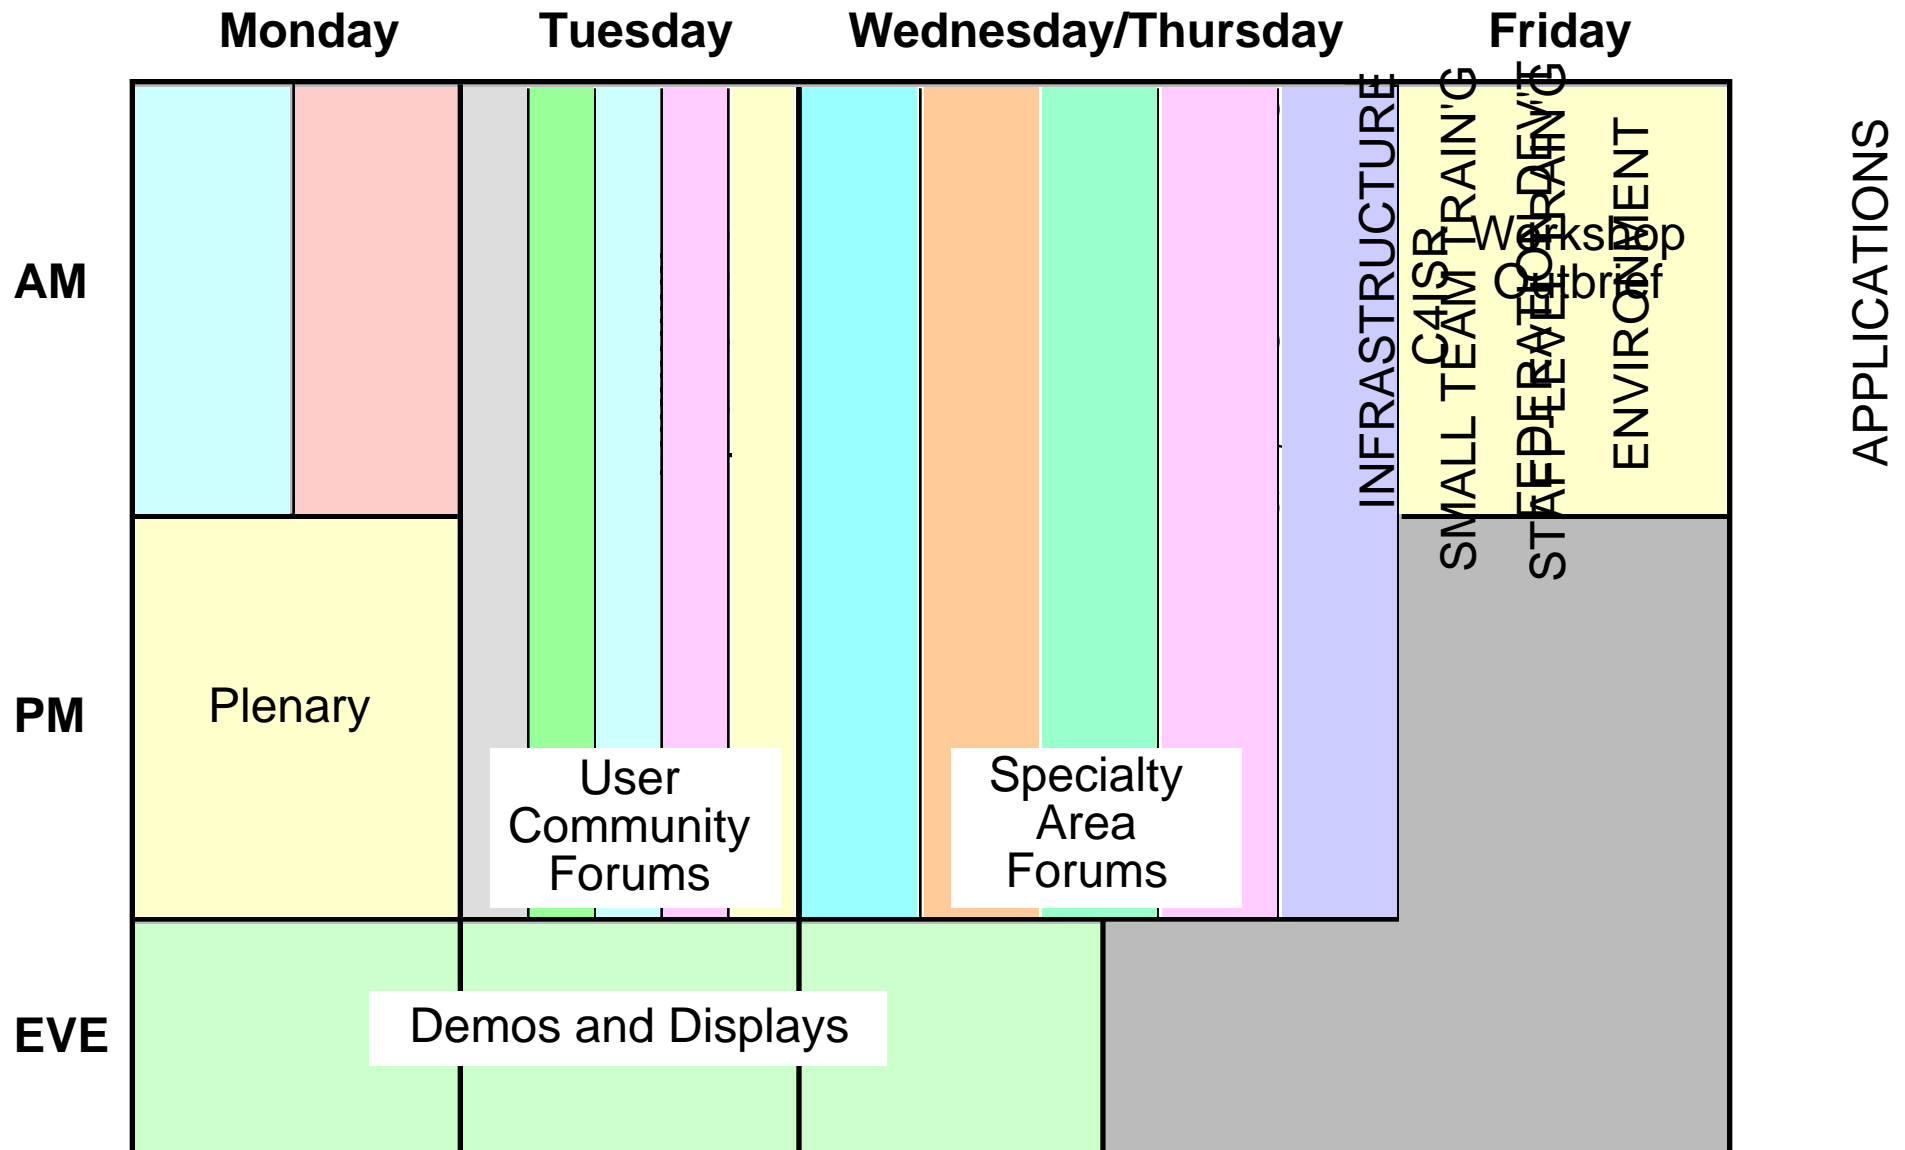

# User Community Forums

- Analysis Forum
- Research, Development, and Engineering Forum
- Test and Evaluation Forum
- Small Team Training Forum
- Staff-Level Training Forum

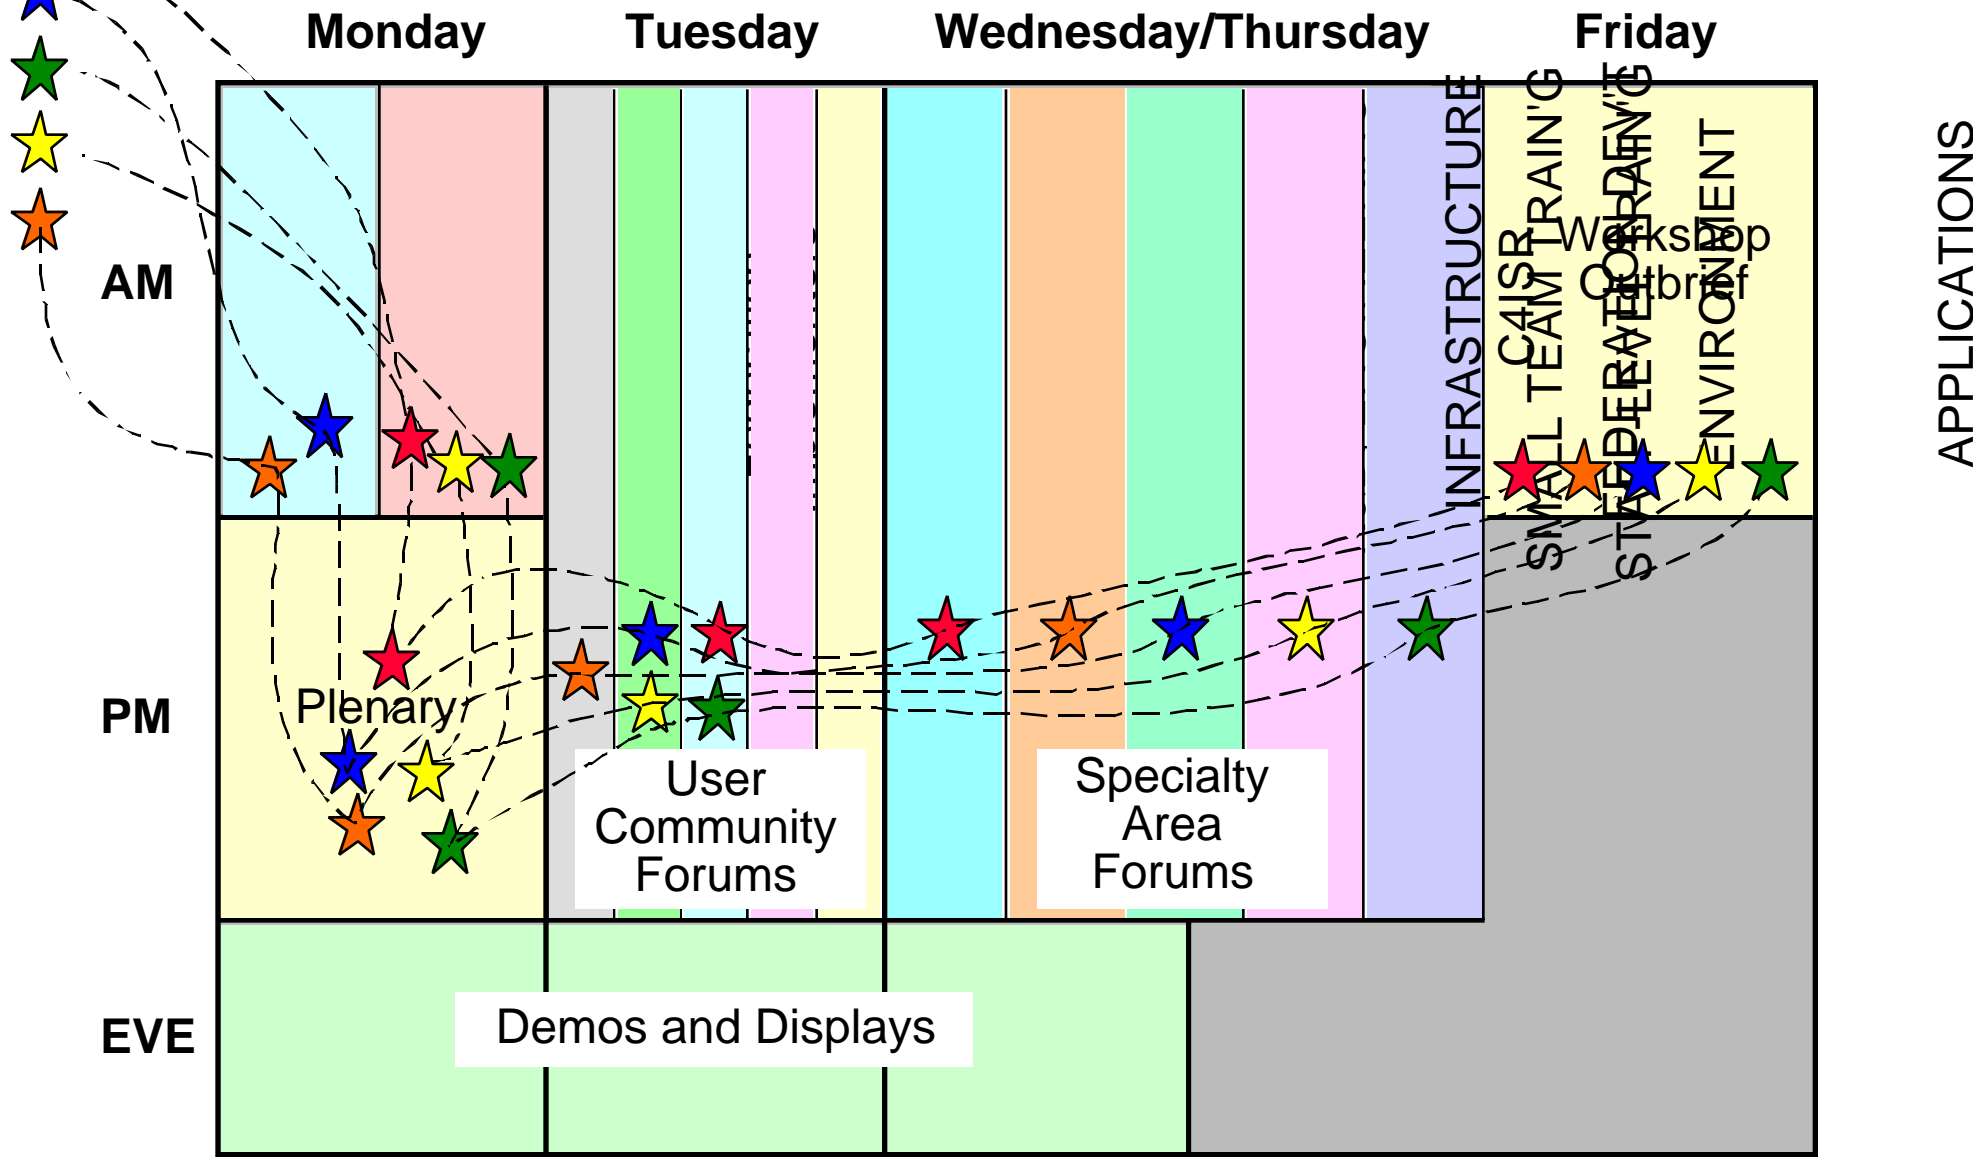

# Specialty Area Forums

- Infrastructure Track
  - Run-Time Infrastructure and Communications Forum
  - Live Interaction Forum
- Federation Development Track
  - Federation Development Process Forum
  - Exercise Management Forum
  - VV&A Forum
  - Testing Forum
- Environment Track
  - Simulated Natural Environment Forum
  - Sensor Modeling Forum
- Command/Control/Communications/Intelligence Track
  - C4ISR Forum
- Applications Track
  - Federation Implementers' Forum
  - Vehicle/Weapon System Modeling Forum
  - Human Decision-Making and Behavior Representation Forum
  - Logistics Forum

# Conference Forum Relationship with Standards Development Groups

- Proposal for standard/guide/practice emerges from part of the M&S Community, usually through a Forum
- EXCOM reviews and approves proposal
- Standards Activity Committee issues call for volunteers to form Standards Development Group
- SDG startup effort includes developing SDG charter and selecting volunteers from interested Conference Forums
  - Drafting Group
  - Principal Reviewers
  - Associate Reviewers (open)
- SDG reports to SAC and briefs interested Forums during Workshops
- Balloting Group will be drawn primarily from these Forums
